"The Leather Easy Chair candle not only fills our family room with the scent of a fireplace, but it also crackles like a fire. It provides a warm, cozy feeling on evenings when a roaring fire would be too warm. I actually look forward to lighting it at the end of each day. My extended family will be getting these as Christmas gifts next year!" - Lella Martin

Changing room temperatures where a soybean wax candle is kept, causes the wax to form an interesting, mottled "bloom" on the insides of its glass container. Moisture drops from natural, organic soybean wax may appear on the surface of the candle. This is normal and characteristic of wax made from 100% soybeans.

- Petroleum-free with 100% wood or cotton wicks
- Burns clean with no toxins
- A renewable, biodegradable resource

- FDA approved and Kosher certified soybean wax

Fire Side Lights consist of 7 different fragrances and colors with crackling wood wicks.

100% of the wax in these candles is made of soybeans grown by farmers in America's Midwest. Hand-crafted and poured by artisans at Squire Boone Village in southern Indiana.

Home Scents consist of 6 different fragrances and colors with 100% cotton wicks.
